PROFESSIONAL SUMMARY

Web developer with 3+ years of experience building responsive websites, e-commerce platforms, and management information systems using Laravel, Livewire, Filament, ReactJS, NextJS and WordPress. Skilled in full-cycle web development from collaborating on UX/UI to deployment, domain migration, and client handover. Strong communicator and self-driven learner with a track record of delivering polished products for clients across Afghanistan, Iran, and the UAE.

PROFESSIONAL EXPERIENCE

Web Developer | *Shenaas Marketing Agency*
Kabul, Afghanistan

Sep 2024 – Present

- Developed and delivered 15+ client websites and custom systems using Laravel, Livewire, WordPress, and modern front-end stacks.
- Collaborated closely with UX/UI designers to translate Figma mockups into pixel-perfect, responsive interfaces.
- Led international client communication to gather requirements and present solutions for businesses in the UAE and Afghanistan.
- Managed domains, hosting, business emails, and post-launch migrations to client-owned infrastructure.
- Trained clients on using their delivered systems, ensuring smooth handover and long-term self-sufficiency.

Web Developer | *Obrang Media Production*
Kabul, Afghanistan

Jan 2023 – Aug 2024

- Built custom websites and management systems from scratch, including The Hope donor MIS, serving NGO clients.
- Translated design concepts into working products by partnering with the in-house design team on UX/UI decisions.
- Set up and configured domains, hosting, and email infrastructure across multiple client environments.
- Migrated client websites between hosts and onboarded clients with hands-on training sessions.

Scope (Biometric) Officer | *ASOW Organization*
Kabul and Bamyán, Afghanistan

Aug 2022 – Oct 2022

- Collected and verified beneficiary identification data, registering 100+ recipients daily into the WFP scoping database.
- Coordinated food distribution logistics by advising beneficiaries on pickup schedules and locations.
- Produced daily activity reports for the field manager to track project progress.

Ticket Booker | *Ariana Time Travel & Agency*
Kabul, Afghanistan

May 2022 – Jul 2022

- Booked flight tickets and registered passenger details in airline systems with full accuracy.
- Advised customers on flight options, travel requirements, and itinerary planning.
- Submitted daily activity reports summarizing bookings and customer interactions.

SELECTED PROJECTS

Bookify — *Personalized Online Reading Platform*

2026

Developed a personalized online reading platform that recommends books based on users interests and questionnaire responses. Built user dashboards, role-based administration, book and author management, favorites, saved books, collections, reading progress, English & Persian language and an online Reading Room. Tech: TALL.

Simple Studio — *Studio Website & Management System* ([Visit the website](#))

2026

Developed a full-stack website for Simple Studio with a modern responsive frontend and custom backend management system. Built dynamic content management for projects, services, and other website data using Laravel and Livewire, with Tailwind CSS and Alpine.js for the interactive user interface.

Samangan Academic & Research Journal — *Journal publishing system* ([Visit the platform](#))

2025

Lead developer for Samangan University's academic journal publishing platform using OJS, supporting full editorial workflow from submission to publication. Tech: PHP, OJS, MySQL.

The Hope — *Child Sponsorship & Education Management System*

Start 2024 – Last update 2026

Designed and built a donor MIS allowing donors to register, sponsor street children monthly or yearly, and track their sponsored child's school activities. Tech: Laravel, Livewire, MySQL.

EDUCATION

Bachelor of Computer Science — Software Engineering

2019 – 2023

Allameh University — Kabul, Afghanistan

- Topped the class for 6 consecutive semesters.
- Awarded "Student of the Year" for academic and project excellence.

Diploma in English Language

2019

Cambridge International Organization — Kabul, Afghanistan
